Hi all-

Attached is the regional tracker with activities from all 10 regions. I assume this will be a live document on [SharePoint](#) that will evolve in time, but the attached version is currently up to date.

Subject: update on region activities tracker

Good Morning Josh and Carissa,

I'm missing R6 and R10 info. They said they hope to have the info in by COB today. [Here is the link](#) to the tracker as it currently stands. I will send you a version with all regional input as soon as I hear back from R6 and 10.

Please let me know if you have questions.
